

## **Coming Soon: How Australian places are represented on Wikipedia**

The Wikeihistories project would like to acknowledge the Gadigal people of the Eora Nation, and the Wurundjeri Woi-wurrung and Bunurong peoples, upon whose ancestral lands our University campuses stand. We would also like to pay respect to the Elders both past and present, acknowledging them as the traditional custodians of knowledge for this land.

Our next annual report will be released on the 29th of October, 2024.

The report draws on a dataset of 35,000 Wikipedia articles, and dozens of interviews with editors, to explore how Australian places are constructed in the encyclopaedia.

Come back on October 29 to read the full story.
